

# IRCHA

*Dedicated To The Advancement  
Of Model Helicopter Aviation*

## **International Radio Controlled Helicopter Association**

If you are reading this, it's because one single magic word just got your attention, "HELICOPTERS". It did because Helicopters mean something special to you. Whether you're new to R/C Helicopters or an "Old Pro", the *International Radio Controlled Helicopter Association* (IRCHA) can add to your enjoyment in this exciting segment of R/C Aviation.

Founded in 1989 as a "WE" organization to promote the interest of all model helicopter enthusiasts, IRCHA became the recognized Special Interest Group (SIG) for helicopters to the *Academy of Model Aeronautics*. As part of the official SIG you have a voice in the process that determines the future of model helicopters.

Whether your interests are truly competitive or just simply sport-flying, IRCHA represents your interests to the Academy.

The Executive Committee of IRCHA is elected on a bi-annual basis by the general membership. The officers all serve on a volunteer basis, donating their time and effort to make IRCHA an organization that follows the desires of the majority of the membership.

In addition to the Executive Officers, there are 11 District Representatives working within their geographic areas to provide assistance and act as a source of communication to and from the membership. IRCHA is involved with competition with the organization and

management of the AMA Helicopter Nationals, the US Team Trials selections and as a supported of regional and local fun fly contest events.

The IRCHA General Membership Meeting is held each year at the world's largest helicopter event, the *IRCHA World Helicopter Jamboree* in Muncie, Indiana at the site of the AMA Headquarters. This event, which is approaching 400 pilots, with over 1000 helicopters in attendance, has proven to be "THE" event of the year! It is sponsored and organized by IRCHA and the AMA for helicopter enthusiasts.

***"Together we  
are IRCHA"***
